The Porsche Ice Experience celebrates 15 years of skills and pure driving joy in Canada

10/12/2025 Winter driving event allows participants to explore the brand's sports cars in the Canadian climate.

This February, the Porsche Ice Experience Canada will be celebrating its 15th anniversary. Behind the wheel of the brand's latest sports cars, Porsche Ice Experience Canada participants learn valuable winter driving skills at Mécaglisse, a dedicated snow- and ice-driving facility outside of Montreal. Multi-turn courses are complemented by winter skid pads, all of which allow drivers to explore the Porsche models' driving dynamics in safe and controlled situations.

The Porsche Ice Experience Canada is ideally situated in one of the most picturesque parts of the country. Participants from Canada and around the world are treated to spectacular winter scenery and the five-star hospitality for which Porsche Experience events have become known worldwide. The proximity to Mont-Tremblant also makes it easy for participants to integrate a more extended holiday in

the area that might include skiing in the Laurentian mountains.

\"We are delighted to bring Porsche Ice Experience Canada back on its 15th anniversary,\" said Trevor Arthur, President & CEO, Porsche Cars Canada, Ltd. ⊠Enhanced by the expert guidance of Porsche-certified instructors, this compelling program showcases how our brand's sports cars deliver exhilarating driving experiences while confidently conquering even the toughest winter conditions."
