

Porsche Reports Record U.S. Retail Sales in June

02/07/2019 First six months of 2019 up 2.8 percent to more than 30,000 sales year-to-date

Porsche Cars North America, Inc. (PCNA), importer and distributor of the Porsche 911, 718 Boxster and Cayman, Panamera, Cayenne, and Macan model lines, today announced June retail sales of 5,205 vehicles, a new all-time high for the month. Overall sales for the first six months of 2019 are up 2.8 percent from a year ago to 30,257 vehicles.

"We are delighted by the strong performance in the first half of the year. June marked the third consecutive month that our dealers delivered more than 5,000 vehicles – a record for Porsche in the U.S.," said Klaus Zellmer, President and CEO of PCNA. "We attribute this success, in part, to the much anticipated, refreshed Macan, which arrived in dealerships in June."

Macan sales for the month were up 16.7 percent compared to June 2018. The redesigned Cayenne was also up 101.9 percent compared to the same period last year, resulting in an increase of 20.5 percent year-to-date.

Porsche Approved Certified Pre-Owned (CPO) sales in the U.S. totaled 2,101 vehicles in June.
