New digital platform for all Porsche vehicle-related services

My Porsche app bundles functions

Atlanta, Ga. Porsche has revamped its digital services for smartphones and combined the functions for multiple apps: the My Porsche app will be customers' central inter-face with the car and brand. It will take over the functions of several previous apps including Porsche Connect, Porsche Car Connect, the previous My Porsche, and Charging NA. Over the coming months, additional apps, such as the Porsche - Good to know app, will also be integrated. Combining the full range of services and information in a single app will simplify use for customers and create a practical point of access to the digital world of Porsche through a modern user interface.

My Porsche will become a versatile tool for every one of the sports car manufacturer's drivers. The app is compatible with Porsche vehicles from the 2016 model year onwards. When there is a connection between the smartphone and the Porsche model, the app displays important vehicle parameters and can be used as a remote control for selected functions. It also supports the driver with charging processes, contacting their dealer, booking service appointments and with questions about the vehicle.

The My Porsche app connects the smartphone to the vehicle

As the central interface between each Porsche driver and their vehicle, the My Porsche app offers a wide range of functions for Porsche models with conventional powertrains as well as hybrids and all-electric sports cars – from showing the current levels of fluids to starting a charging process. When the My Porsche app is connected to a vehicle, it

informs the customer about the car's status. It knows the fuel or charge level, the current mileage, its location and can show statistics from past trips or the settings of the VTS tracking system. If the vehicle unexpectedly moves or drives faster than the applicable speed limit, the app alerts the user with a push notification. It can also lock and unlock the Porsche and control the air conditioning system and auxiliary heating in battery-powered vehicles. Through the app, customers have access to digital operating manuals and supporting videos.

The My Porsche app also offers comprehensive networking. It connects accounts of Streaming providers and Calendars with the corresponding apps in the vehicle. It also simplifies navigation by synchronizing destinations and points of interest between the smartphone and Porsche Communication Management (PCM) system.

Connected with current and older Porsche models

The My Porsche app is available in 47 countries, including the United States, and 25 languages for Apple iOS (iOS 14 and later) and smartphones with Android operating systems (Android 8 and later). Customers can sign in with their Porsche ID or register directly in the app. Functions that access the vehicle are available for all current models and many older ones, too:

- Porsche 718 Boxster, 718 Cayman (from the 2016 model year)
- Porsche 911 (from the 2016 model year)
- Porsche Panamera (from the 2016 model year)
- Porsche Macan (from the 2016 model year)
- Porsche Cayenne (from the 2016 model year)
- Porsche Taycan

The scope of functions can vary depending on the model, model year and country availability. The app can be downloaded for free from the Apple App Store and the Google Play Store and will be continually expanded and optimized.

About Porsche Cars North America, Inc. | One Porsche Drive, Atlanta, GA 30354 USA

Established in 1984, Porsche Cars North America, Inc. (PCNA) is the exclusive U.S. importer of the Porsche 911, 718 Boxster, 718 Cayman, Macan, Cayenne, Panamera and Taycan. Headquartered in Atlanta, Georgia, since 1998, PCNA is also home to the first Porsche Experience Center in North America featuring a module-based 1.6 mile driver development track, business center, and fine dining restaurant, 356. The company operates a second Porsche Experience Center near Los Angeles. That 53-acre complex features a driver development track with eight educational modules totaling 4.1 miles, a business center, and Restaurant 917. PCNA supports 193 independently owned and operated Porsche dealerships in the U.S., including supplying parts, service, marketing, and training. They, in turn, work to provide Porsche customers with a best-in-class experience that is in keeping with the Porsche brand's more than 70-year history of leadership in the advancement of vehicle performance, safety, and efficiency. PCNA is an indirect wholly-owned subsidiary of Porsche AG, which is headquartered in Stuttgart, Germany.

At the core of this success is Porsche's proud racing heritage that boasts some 30,000-plus motorsport wins to date.
