9:11 Magazine: Electric excellence

23/05/2024 Episode 26 of the 9:11 Magazine is dedicated to the new, all-electric Macan.

Virtual test run - the Macan in simulated space

Virtual testing is an increasingly important factor when it comes to safeguarding a vehicle against all potential challenges. Topics such as driving dynamics, virtual experience and water management are the main pillars of the test area, which is carried out before the real testing in the field. The new Macan has benefited from this in particular.

Sporting excellence - the technical innovations of the new Macan

The Premium Platform Electric (PPE) is by no means the only technical innovation that characterizes the Macan. Active rear-axle steering and the adapted weight distribution are additional features that elevate the SUV driving experience to a whole new level.

With all senses - Singapore as a stage for the new Macan

Around the premiere of the new Macan, the city of the future was presented in all its facets. In order to capture themes such as tradition, sustainability and diversity as vividly as possible, artist and photographer Frank Kayser set out to explore the metropolis. An impressive collage of images.

9:11 Magazine

At the 9:11 Magazine the sports car manufacturer presents entertaining and interesting facts and stories from the world of Porsche. The spectrum ranges from heritage themes and product introductions to background reports and thrilling motorsport stories. The 9:11 Magazine complements the Porsche customer magazine Christophorus and the audio format 9:11. Porsche. Podcast and is in German and English.

Consumption data

Macan Turbo (WLTP)*: Electrical consumption combined: 20.6 – 18.3 kWh/100 km; CO_2 emissions combined: 0 g/km; CO_2 class: A

Macan 4 (WLTP)*: Electrical consumption combined: 20.5 – 17.7 kWh/100 km; CO_2 emissions combined: 0 g/km; CO_2 class: A

*Further information on the official fuel consumption and the official specific CO_2 emissions of new passenger cars can be found in the "Leitfaden über den Kraftstoffverbrauch, die CO_2-Emissionen und den Stromverbrauch neuer Personenkraftwagen" (Fuel Consumption, CO_2Emissions and Electricity Consumption Guide for New Passenger Cars), which is available free of charge at all sales outlets and from DAT (Deutsche Automobil Treuhand GmbH, Helmuth-Hirth-Str. 1, 73760 Ostfildern-Scharnhausen, www.dat.de).
