

Design, E-Performance, Connectivity and Digital Business: Porsche at TNW 2019

09/05/2019 After three stunning days at re:publica 2019, we're in Amsterdam, the capital of the Netherlands, one of the hottest technology and startup hubs in Europe—and of course a city that has innovation in its roots.

Besides a huge Ferris wheel for startup-pitches and some surprises, we will bring two of our great partners with us—app developer Chargetrip and tech startup Cobalt Industries—as well as a schedule full of talks on Design, E-Performance, Connectivity and Digital Business. As we said in our last blogpost, we're inviting you to come by our booth, have a chat with us and go for a spin in the Ferris wheel!

All talks are held at the **MicroStage** in the lower container of the Porsche hub. They start on the hour and last 15–20 minutes. Here's our complete schedule for the next two days:

Balancing the two-speed world, NextGen Navigation - and much more. We're looking forward to meet you today during #TNW2019 at our booth or on stage to discuss your #nextvisions. Check the complete schedule here: <https://t.co/PVWLxTDeDF> pic.twitter.com/BNCho5H4es
