19/02/2025 The auction supported by Andreas Preuninger and Porsche-enthusiast Orlando Bloom runs until February 20th and includes a limited-edition 911 S/T Porsche Design timepiece.

Atlanta. Porsche Cars North America, Inc. (PCNA) and RM Sotheby's are auctioning a unique 911 S/T. All proceeds from the sale will benefit the American Red Cross to help people affected by disasters big and small, including the recent wildfires in California, the flooding in North Carolina and countless other crises.

Additional items in the auction include a limited-edition 911 S/T Porsche Design timepiece and an exclusive owner's manual pouch signed by Director of the GT model line, Andreas Preuninger.

The auction runs until Thursday, February 20th via RM Sotheby's Online Only auction platform.

The 911 S/T is number 1,919 of the 1,963 vehicles created to mark the 60th anniversary of the Porsche 911. It is the only 911 S/T to be sold from PCNA's internal vehicle pool to date, and the only one in the United States not yet assigned to a customer. Many connected to Porsche have contributed their time and energy to the auction, including actor Orlando Bloom who lent his support to raise awareness of the sale, and RM Sotheby's who are waving their usual fees to maximize the amount that reaches the Red Cross.

"This auction is not just about a rare car, it's about making a difference in the lives of those who need it most," said Timo Resch, President and CEO of PCNA. "We are proud to offer support through the partnership with RM Sotheby's and the American Red Cross, whose work has been so vital for many Americans."

The Red Cross responds to more than 65,000 disasters across the country each year – from single family home fires to extreme weather events affecting entire communities – providing help and hope to people in times of need. Since the outbreak of the fires in California, the Red Cross has provided over 14,500 overnight stays shelter, 128,000 meals, as well as over 102,000 relief supplies such as flashlights, face masks, water and other essentials to those directly affected.
