

Porsche Centre Kuwait showcases 911 GT3 Manthey kit at exclusive GT Night

10/12/2025 Kuwait | Behbehani Motors Company hosted an exclusive GT Customer Night at its flagship showroom, inviting a select group of customers, motorsport enthusiasts, and prominent figures from the automotive and lifestyle community to attend a special vehicle showcase, introducing the 911 GT3 (type 992.2) equipped with the new Manthey performance kit.

Commemorating decades of close collaboration and shared motorsport expertise between Porsche and Manthey, the GT Night promised an immersive experience, presenting the vehicle up close to spark conversation and curiosity among attendees. Throughout the evening, guests continued to explore 911 GT3, observing its track-focused enhancements and Manthey fitted components firsthand.

The experience was further complemented by insights from Manthey-Racing Sales Director, Michael Grassl, on the kit's high-performance components - engineered to enhance the 911 GT3's track capability through advanced aerodynamics with increased downforce, targeted chassis and modified

suspension with optimised braking refinements for sharper handling and higher cornering speeds.

Marking the global availability of the new Manthey Performance Kit for the 992.2 Porsche 911 GT3 through authorized Porsche Centres worldwide, Grassl also referenced the breadth of components available from Manthey for further individualisation, including their optionally available lightweight wheel set.

Set within Porsche Centre Kuwait's modern and vibrant showroom environment, the showcase of the Manthey-equipped 911 GT3 (992.2) culminated in a compelling, track-focused occasion, reinforcing Porsche's ability to translate motorsport excellence into precision engineering, bold creativity, and world-class partnerships such as Manthey.
