

The sharpest Cayman ever is the highlight of the LA Auto Show

12/11/2021 Porsche will present the new flagship of the 718 family: the 718 Cayman GT4 RS at the LA Auto Show (19 – 28 November). The RS-typical features include more downforce and power than the GT4, while the weight has been reduced even further. The result is the most uncompromising and sharpest 718 ever – and a world of driving pleasure.

It can complete a 20.6-kilometre lap of the Nürburgring Nordschleife in just 7:04.511 minutes. This is 23.6 seconds faster than a 718 Cayman GT4 equipped with Porsche dual clutch transmission (PDK). At the same time, the 718 Cayman GT4 RS Clubsport racing version will celebrate its debut in Los Angeles.

The Taycan electric sports car will be the focus of two world premieres: a new, incredibly dynamic, drive variant positioned between the Taycan 4S and the Taycan Turbo, and a third body style will be revealed to the public for the first time in California. The Panamera family is also gaining a new addition: Porsche is launching a special series with ultra-high-quality equipment: the Platinum Edition.

The unveiling of all five world premieres will take place on 17 November at 05:00 (CET), which is 15:00 AEDST, with Oliver Blume, Chairman of the Executive Board at Porsche AG, Detlev von Platen, Member of the Executive Board for Sales and Marketing, and Frank-Steffen Walliser, Vice President Model Line 911 and 718. Ex-Formula One driver and Porsche brand ambassador Mark Webber will host the event.

All of the action will be broadcast in English on NewsTV.porsche.de and on Facebook, YouTube and LinkedIn.

Consumption data

Taycan with Performance Battery (Predecessor model)

718 Cayman GT4 RS (WLTP)*: Fuel consumption combined: 13.0 l/100 km; CO_2 emissions combined: 295 g/km; CO_2 class: G

*Further information on the official fuel consumption and the official specific CO_2 emissions of new passenger cars can be found in the "Leitfaden über den Kraftstoffverbrauch, die CO_2-Emissionen und den Stromverbrauch neuer Personenkraftwagen" (Fuel Consumption, CO_2Emissions and Electricity Consumption Guide for New Passenger Cars), which is available free of charge at all sales outlets and from DAT (Deutsche Automobil Treuhand GmbH, Helmuth-Hirth-Str. 1, 73760 Ostfildern-Scharnhausen, www.dat.de).
