Porsche Brunei recently hosted a Porsche Weekend Drive, gathering Porsche Cayenne, Macan, and Panamera owners for a convoy drive through Brunei's green heart.

The event also marked the official launch of the Porsche Cayenne Black Edition in Brunei, which is a special edition of the Cayenne with enhanced with bold black accents and extended standard equipment, elevating the model in both presence and refinement.

Guests were welcomed at Porsche Centre Brunei in Beribi with light breakfast refreshments. This was followed by an exclusive product presentation of the Porsche Cayenne Black Edition, offering guests a first look at the model. Before the convoy set off, a safety briefing was conducted to ensure a smooth and enjoyable drive for all participants.

"The Porsche Weekend Drive reflects what the Cayenne has always stood for – being more than just a sports car," said Daniel Loo, Deputy General Manager of QAF Prestige. "It is about the people, the shared experiences, and the community that grows around a shared passion. We are proud to have brought that to life this Sunday, and to have introduced the Cayenne Black Edition to Brunei in a way that felt truly fitting."

The drive concluded at Bukit Patoi Recreational Park, where guests were welcomed at the restaurant nestled within the park. Guests enjoyed a brunch buffet before participating in a series of games and activities that brought the community together. It was a morning that embodied everything the Porsche Weekend Drive set out to achieve – community spirit, adventure, and Porsche passion.
