

Forging a deeper connection with your Porsche

17/03/2026 Porsche Driver Training is all about hands-on practice and 'learning by doing'. Under the expert guidance of qualified and experienced international and local Porsche instructors, customers can develop new skills, refine existing ones, or simply enjoy an exhilarating experience on the Kyalami Grand Prix Circuit.

South Africa |Customers from Porsche Centres Johannesburg and Pretoria, who are new to the brand or have added another Porsche to their collection, receive an exclusive invitation to drive their own vehicles around the track.

Participants experience their Porsche through 'Sighting Laps', where they explore the renowned sweeping curves and elevations of the legendary Kyalami Circuit, led by Porsche instructors. This special experience also offers new Porsche owners the chance to create lasting memories and enjoy quality time with their family as passengers.

'Guided Driving', a tailored track experience, offers local Porsche customers more fun with their

Porsches. This program builds on the introductory 'Sighting Laps' at a more dynamic pace, strictly without passengers. Each group, limited to a maximum of five vehicles, has its pace tailored to participants' abilities, ensuring an engaging and challenging four-hour session.

To enhance the experience, a dedicated hospitality area is available for guests to relax, enjoy delicious snacks and coffee, and watch other vehicles in action on the track.
