

Porsche Centre Bahrain and Qannati present 'Time in Motion' at Conrad Bahrain

28/09/2026 Porsche Centre Bahrain hosted 'Time in Motion' on 26 September, bringing clients together for an experience of watchmaking and driving in partnership with French-Bahraini brand Qannati and Conrad Bahrain Financial Harbour. Ducati also joined the event with a motorcycle showcase and guests from its client community.

Bahrain | The programme began at the Conrad Penthouse in Manama, where Mahmood Qannati, founder of Qannati, led an interactive workshop introducing guests to the craftsmanship and design process behind the brand's timepieces. Participants were invited to explore the creative process, including how individual stories and personal inspiration can be translated into bespoke watch designs.

Rooted in Bahrain and France, Qannati brings together watchmaking, jewellery, sculpture and storytelling to create wearable works of art. The workshop offered a hands-on way to discover the creative decisions and craftsmanship behind each piece.

Guests then moved from design to driving. They experienced the latest Porsche model range on a route from Conrad Bahrain Financial Harbour to The Roastery, stopped for coffee, and drove back to the hotel. A Ducati motorcycle showcase added another expression of design and performance to the occasion.

Conrad Bahrain Financial Harbour provided a setting for guests to connect with a Bahraini-founded creative brand. 'Time in Motion' brought the partners together around a shared appreciation for precision, personal expression and the pleasure of the journey.
