

Porsche reports Q3 2022 U.S. retail sales

03/10/2022 Deliveries to customers in first nine months total 49,110 new cars across all model lines

Porsche Cars North America, Inc. (PCNA) today announced U.S. retail deliveries in the third quarter of 2022 totaled 16,581, up 8.5 percent from the same period one year ago as supply increased amid sustained customer demand. The strong quarter reduced the year-to-date deficit versus a record 2021 to 4.9 percent for the first nine months of this year, when 49,110 new vehicles were sold to customers.

"I'm grateful for the relentless enthusiasm of our customers for the Porsche brand as we delivered 16,581 cars in the past quarter, while at the same time working with our teams in Germany and the U.S., and with our dealers, to reduce wait times to a minimum," said Kjell Gruner, President and CEO of PCNA. "Our order books are in good health across the range of Porsche models. The ongoing expansion of new dealership facilities that offer a walk-in brand experience and a real 'wow' factor is also helping connect new audiences with our legendary cars."

Top seller in the latest quarter was the Cayenne, which along with the Porsche 911 was up strongly

from the same quarter a year earlier. The all-electric Taycan finished the quarter in fourth place. The Macan remained the best seller for the year to date.

Porsche-approved Certified Pre-Owned (CPO) U.S. sales in the first nine months of 2022 totaled 23,743, up 9.7 percent from a year earlier.

Model	July-Sept Sales		Year to Date	
	2022	2021	2022	2021
ALL 911	2,236	1,621	7,411	6,729
ALL 718	682	753	2,426	3,165
ALL TAYCAN	1,325	1,861	5,774	7,228
ALL PANAMERA	1,050	1,090	2,963	2,806
ALL CAYENNE	6,017	4,874	14,583	15,108
ALL MACAN	5,271	5,090	15,953	16,579
TOTAL	16,581	15,289	49,110	51,615

PCNA follows the U.S. Auto Industry Sales Release Schedule issued by Motor Intelligence. Third quarter new car sales began on July 1, 2022, and ended on September 30, 2022.

Consumption data

911 GT3 with Touring Package (Predecessor model)

*Further information on the official fuel consumption and the official specific CO₂ emissions of new passenger cars can be found in the "Leitfaden über den Kraftstoffverbrauch, die CO₂-Emissionen und den Stromverbrauch neuer Personenkraftwagen" (Fuel Consumption, CO₂Emissions and Electricity Consumption Guide for New Passenger Cars), which is available free of charge at all sales outlets and from DAT (Deutsche Automobil Treuhand GmbH, Helmut-Hirth-Str. 1, 73760 Ostfildern-Scharnhausen, www.dat.de).
