25/03/2021 She loves Porsche like her grandfather did: Steve McQueen's granddaughter continues to write family history.

Those close to her say courage is one of Madison McQueen's outstanding qualities. Her grandfather, Steve McQueen, would have turned 91 this year and despite the fact that he died before she was born, 24-year-old Madison is carrying on his legacy. Eleven years ago, her father Chad founded the McQueen Racing company but he had long since passed on a love for Porsche and the joy of racing to his children. Now, the latest generation of McQueens are writing family history as courageously as their father – and as effortlessly as their grandfather.
