

Porsche Consulting: Life and mobility in tomorrow's cities

This article reflects the status at the time of its publication. The content may since have become outdated.

27/09/2018 New issue of the Porsche Consulting Magazine

How will we live, work, and get around in cities in the future? Experts from a wide range of fields – from architecture to medicine – answer this question in the 19th issue of the magazine from Porsche Consulting. Also included are fascinating accounts of how specialists from Porsche Consulting are providing companies around the world with support for major transformations: Codelco is automating its copper mines in Chile, TetraPak is individualizing its food packaging products, and the Swiss company Vontobel is digitalizing its asset management business for investors.

This issue features an added bonus in the form of inspirational quotes– by leading figures from international business.
