

Porsche Centre Abu Dhabi delivers a bespoke 911 GT3 RS crafted through Exclusive Manufaktur and Sonderwunsch

21/04/2026 A one-off expression of performance and personalisation of Porsche's track-focused icon, shaped through the brand's most exclusive customisation programmes.

Abu Dhabi |Porsche Centre Abu Dhabi and Al Ain, part of Ali & Sons, has delivered a highly individualised Porsche 911 GT3 RS, created through the brand's Exclusive Manufaktur and Sonderwunsch programmes. These bespoke offerings represent the highest level of personalisation available within the Porsche portfolio.

Based on the latest 911 GT3 RS, the vehicle brings together performance-focused engineering with a carefully curated design specification, resulting in a car that is both deeply individual and unmistakably Porsche.

Finished in Paint to Sample | Cremewhite, the exterior adopts a refined and understated aesthetic, contrasted by technical elements that underscore its motorsport character. Lightweight 20-/21-inch GT3 RS forged magnesium wheels further reinforce its performance-focused identity, while bespoke detailing elements from Exclusive Manufaktur introduce a distinct visual signature.

At the core of the configuration is the Weissach Package, incorporating extensive lightweight materials and motorsport-derived components to enhance driving dynamics. The interior continues this focus, combining leather and Race-Tex in a black and GT silver finish to create a cockpit defined by precision and functionality.

Further enhancements include Exclusive Manufaktur elements such as tinted LED Matrix headlights with Porsche Dynamic Light System Plus (PDLS Plus), Exclusive Design taillights, and 'BORN IN FLACHT' LED door projectors; elements that reference the brand's motorsport heritage while contributing to the car's overall specification.

The inclusion of Sonderwunsch factory commissioning further distinguishes the vehicle, enabling a level of customisation that extends beyond standard configuration to incorporate highly tailored, factory-executed details.

In markets such as Abu Dhabi and Al Ain, demand for individualisation continues to grow, with an increasing focus on vehicles that go beyond specification to express personal identity, taste and lifestyle. Programs such as Exclusive Manufaktur and Sonderwunsch respond to this shift, enabling a more personal and considered approach to Porsche ownership.

"This 911 GT3 RS demonstrates the breadth of what is possible through Porsche's personalisation offerings. Each element of the vehicle has been carefully specified to create a result that is both highly individual and performance-driven." said Wissam Khalil, General Manager, Porsche Centre Abu Dhabi and Al Ain, Ali & Sons.

The delivery of this bespoke 911 GT3 RS further reinforces Porsche Centre Abu Dhabi and Al Ain's position as a destination for highly individual Porsche experiences, where craftsmanship, performance and personal expression come together in a singular form.

This masterpiece further reinforces Porsche Centre Abu Dhabi and Al Ain's role in delivering highly customised Porsche models, shaped by a combination of engineering expertise, design detail and client vision.
