The 911 S/T being auctioned has already been meticulously run-in (to a pre-prescribed checklist) in Europe to a total of 932-miles or 1,500 kilometers by the preparation team based in Stuttgart – a process that has included detailed checks on every aspect of the car, both visually and mechanically. The classic style Porsche crest from the original 911 adorns the front, and can also be found on the center caps of the wheels, the steering wheel, the head rests and the car key, underscoring the historic roots of the 911 S/T, which remains unregistered and is powered by a 4.0 liter, naturally aspirated flat-six engine developing 518 hp, connected to a six-speed manual gearbox.

The interior features Full Bucket Seats with cloth seat centers in Classic Cognac with black pinstripes – another homage to heritage. Two-tone simi-aniline leather trim in Black/Classic Cognac with extensive leather surrounds, a roof lining in perforated Dinamica, and other elements from Porsche Exclusive Manufaktur round out the package. The Porsche logo and the 911 S/T model designation are kept in gold.

This includes the front axle lift system, which provides greater ground clearance at the touch of a button to navigate speed bumps or driveways, and extended range 23.7 gallon fuel tank, auto-dimming mirrors with integrated rain sensor, rear Park Assist and the BOSE Surround Sound audio system.
