Happy Holidays

Cheers to a new year

For Porsche, 2019 has heralded a new chapter in the company's history: with the world premiere of the Taycan and the opening of the CO2-neutral factory for Porsche's first all-electric sports car, the manufacturer has reached a new milestone. Electric mobility is also a job engine for Porsche: the Taycan will create 1,500 new jobs at the Zuffenhausen location.

So a lot has already happened. But the winter holidays are a time to pause and calm down. We wish you a healthy and successful year 2020.
